

SHOOTING ASSIGNMENT: "Giving Thanks"

Assignment: Thanksgiving is a special time of year when we remember to be grateful for our friends, families and gifts that we have been given in our lives. Try to capture images of how your family gives thanks for their blessings, how we celebrate our traditions or of people and things we are thankful for this year.

Goal: to capture an image that exemplifies what you give thanks for in your life.

Tips: "Posed" images of people can sometimes be the best "candid" shots. Let people know you are photographing them and take your shots- they will become more accustomed to the camera after awhile and begin to relax.

When people are relaxed in front of the camera, that is generally when the best photographs are taken. Be prepared to take multiple shots in order to have a lot of images to chose from.
